If you are interested in how to follow the "random walk" algorithm on your own, the wikipedia article on the subject is quite good. A: Lucky for you I wrote a program that does that :-). The wikipedia article is a nice reference, and I suggest to read it.

EDIT : I realised it's for windows only. I just converted it to a bat, here it is :

```
@echo off if not defined rndommeasure set rndommeasure=0
@set runas= @for /L %%i in (1, 1, rndommeasure) do ( @set dir=%%random%% @set src=%%random%% @echo dir %%dir%
@echo src %%src% @cd %%src% @call :start @if "%ERRORLEVEL%"=="0" ( @call :done ) @goto :eof ) :done @echo done
```

Category: Hindi playback singers and a bit more GFE than most girls would normally get. When I met her, she was very shy and we were introduced. We went for a walk around the neighborhood. Then I took her back to the coffee shop where I had met her and we sat for a little while. Then I invited her back to my place. We started with a little foreplay and oral. Then I lubed up and began to penetrate her. I really didn't know where I was going. I've only had a few

girls before and never had sex with a woman before. I took it slow. She was very, very tight. There was not much movement when I was in her. I started grinding back and forth and she really pushed me deep. I don't know how long I was in there. It was like being in the dentist for a long time. After about ten minutes she started moving and she moved all of the way. We came a little while after that. She was shaking from her knees. Because she was a bit uncomfortable, I told her that if she ever wanted to leave, that she would be able to. I would have no problem with that. I asked her to

come back the next day. We are in contact with each other frequently. She has talked to me on the phone a couple of times and I have picked her up and taken her out on other occasions. We continue to chat about what kind of girls that are around our age that she likes. She has told me what a slut she is and she has told me that she would love to make love with me. I have given her my phone number and she has told me that she might call me and have me pick her up. She has asked me if she can send me a message through this site. I will gladly take a look. I have not fucked

her yet, but I will soon. I think she is a beautiful, very submissive woman and I think that she would be a wonderful wife and mother for a sub like me. I wish I had her in my life. I would love to have a submissive like her in my life. I would do well to start communicating with this beautiful woman. I am sure that I will be
